

Disbursement Funding for Clinical Negligence Claims

Introducing the Disbursement Funding and ATE Insurance Package from Temple.

Straightforward, affordable funding that enables your client to make a claim without having to pay expenses along the way AND provides your firm with a solution to the significant cash flow burden that comes with funding Clinical Negligence litigation.

'I've got the client, it's a good claim, but they can't afford to pay the disbursements up front'

Sound familiar?

Combining your litigation expertise with our insurance protection and long-standing experience in the Clinical Negligence claims sector means confidence and peace of mind for your clients.

It removes the financial burden from your firm's balance sheet and it could also mean the difference between you being able to take on the claim or not.

Straightforward funding for your clients that benefits your law firm

BENEFITS FOR YOUR LAW FIRM

- No set-up fee or application fee per case.
- Request funds to your client account as required with our easy to use 'TOPS' online policy administration system. A draw down fee of £75 is applicable.
- A bespoke arrangement – we will tailor the upper and lower limits to your funding requirements.
- It enhances your cash flow and keeps the costs away from the balance sheet – putting your law firm in an advantageous position to take on more clinical negligence cases.
- You are not liable for the funds drawn down - within the limitations of the agreement.

WHAT YOUR CLIENT WILL WANT TO KNOW

- Interest charges are straightforward and repaid at the end of the case from the damages awarded.
- Your client has nothing to pay if the claim is unsuccessful as they are fully insured.

HOW DOES IT WORK?

Disbursement funding is arranged at the same time as the ATE insurance provision using Temple's TOPS system. This easy to use administration process is completed in a matter of minutes. With insurance and funding sorted, you're all ready to proceed with the case.

- The claim will be appropriately funded from the outset.
- By working only with Clinical Negligence expert solicitors we are able to offer competitive interest rates.
- The client's funding is guaranteed by Temple, not your law firm.

Access to this funding is exclusively for expert Clinical Negligence lawyers using our fully Delegated Authority 'A' rated ATE insurance scheme.

If you are not a Temple coverholder but you are a member of one of the recognised Clinical Negligence panels, please contact us to discuss your eligibility.
