## The Litigation Advantage Scheme

Temple is a natural first choice among solicitors for ATE insurance for personal injury disputes in the UK with many of the country's best-known law firms insuring their clients with us.

We have been offering delegated authority schemes since 1999 and our experience in the market is unrivalled, having been involved in almost all of the cases that have established the law in the area of ATE insurance.

Catastrophic personal Injury claims are a particular specialisation for us. Our underwriting team consists of both personal injury solicitors and insurance professionals. Where necessary we can provide you with prompt advice and decisions on what, by their very nature, are significantly more complex cases.

Temple also offers straightforward, affordable funding for catastrophic PI claims with our ATE insurance - giving your client the freedom to pursue their claim without having to pay expenses along the way.
