## Advice on applying for Personal Injury After-the-Event Insurance with Temple

### What cover does this insurance provide?

This insurance will indemnify your client for the costs awarded against them by a Court or other tribunal and will also indemnify your client for their own disbursements other than your own counsel's fees. This insurance does not indemnify your client in respect of your own fees.

### Why should I apply for insurance?

Since the reduction of legal aid, ATE insurance has proved itself to be an effective funding method for all types of personal injury litigation.

We only consider one-off personal injury cases where there are compelling reasons to do so. We want to encourage firms to commit to a delegated authority scheme with Temple and work with us as a partnership, rather than adversely select individual cases. If you do wish to submit an individual case to Temple, please explain clearly why this particular case is being singled out.

### When should I apply for insurance?

You should apply for insurance as soon as you are able to make a reasonable risk assessment of your client's case and you conclude that your client's case has reasonable prospects of success. Ideally you should apply before the Letter of Claim is sent. The later in the conduct of the claim that the proposal is submitted, the harder and more expensive the case will be to insure.

### How is the premium paid?

The premiums for Temple policies are all payable at the end of the case. If your client wins the case then the premium will be paid from the damages recovered. If your client loses, then the policy actually self-insures the premium in addition to the adverse costs.

### Is there any cost to apply for ATE insurance from Temple?

No, there is no charge whatsoever - our assessment of your client's case is free.

### Why might Temple decline your application?

There are a number of reasons why Temple may decline cases. Key reasons are as follows:

- If we are not satisfied that the case has reasonable prospects of success
- If you are operating adverse risk selection e.g. you have tried to settle the case before applying for insurance
- This form should be completed and signed by you (the solicitor) and then evidenced and signed by your client as true and accurate. It should then be sent, along with copies of all supporting documents either by email to [ate@temple-legal.co.uk](mailto:ate@temple-legal.co.uk) or in hard copy form to Temple Legal Protection.
- Document Checklist:  
In order to consider your application without delay, please ensure that all sections of the proposal form are fully completed where appropriate. We also require copies of the following documents, where available

- ◆ Copy of your risk assessment and/or advice to your client
- ◆ Key relevant correspondence between the parties
- ◆ Counsel's opinion
- ◆ Any other relevant information
- ◆ Expert reports
- ◆ Witness statements
- ◆ Medical reports
- ◆ Pleadings/orders

Please note that since we do not charge any assessment fee we cannot incur the costs of returning your papers (do not include any original documents with this application).

If this case is declined by Temple, the papers will be confidentially destroyed.

3. Completion of this form does not mean that insurance cover is in place.

4. Consumers (individuals entering into this insurance contract wholly or mainly for purposes unrelated to the individual's trade, business or profession) must answer all questions fully, honestly and to the best of their knowledge. Failure to do so may result in the insurer taking any one of the following actions: rejecting a claim; only paying part of a claim; cancelling the policy; imposing additional policy terms and conditions and/or charging an additional premium.

Parties who are not consumers must answer all questions honestly and accurately and declare all material facts. A material fact is one that may influence the acceptance of this proposal, or the terms offered. If you are not a consumer and are in any doubt as to whether or not something constitutes a material fact you or your client must disclose it, as misrepresentation of any material fact may invalidate the insurance policy.
